

# Fair Use

- Limited Use of copyrighted works without owner's permission
- Almost always a case-by-case basis
- Helps balance copyright protection with public interest

# IP and Artificial Intelligence (AI)

- **How does IP get along with AI?**
- Biggest challenge - training
- The New York Times v. Microsoft & OpenAI
- Boring fact: U.S. Copyright Office **will not** register AI works
- No good solution, interesting to watch.
