IP and Artificial Intelligence (AI)

- **How does IP get along with AI?**

- Biggest challenge - training

- The New York Times v. Microsoft & OpenAI

- Boring fact: U.S. Copyright Office **will not** register AI works

- No good solution, interesting to watch.

Fraud and AI

- Fake, real-looking information at a button press

- Huge uptick in AI-generated "research" [1]

- Data fabrication isn't a new phenomenon [2]
